Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Send by druggists. Advertisement.

Leprosy in London.

A skin disease specialist writes to the London Standard: "There are known to be about a hundred lepers in London, but I am afraid there are many others who are unconscious sufferers. Only last January a woman came to me with what she described as an 'acute attack of eczema.' She was actually suffering from leprosy. How many more cases are thus hidden I cannot say—there must be others. Whether or not leprosy is contagious or infectious or neither is disputed. It is generally understood that the disease is spread by eating food that leprous hands have touched. Leprosy, of course, originates from eating fish."

SALES AT OWENSBORO.

Nearly 700,000 Pounds Sold at Auction and Private Sales.

Owensboro, Ky., Dec. 14.—Four hundred and eighty-six thousand, four hundred and ninety pounds of tobacco were sold in Owensboro over the loose leaf floors today. Despite the frigid weather, at one house the highest average the entire season was obtained when 128,000 pounds of prior sold at a general average of \$8.35 the 100 pounds. At another house 358,490 pounds were sold at a general average of \$6.66.

In addition to the nearly half million pounds delivered at two loose leaf houses there was nearly 200,000 pounds sold at a private sale in Owensboro today. There is half a million pounds on the floor of the Owensboro warehouse tonight awaiting sale in the morning. In one way the freezing weather is a benefit to the farmers, as they do not have much to do with muddy roads. The quality of the tobacco that sold at a record price today was very fine. The top price was \$12.00 the 100 lbs. The general average of \$8.35 included the crop run of leaf, lug, and trash.

FARMERS ATTENTION

In connection with our Loose floor we have competent men to strip your tobacco at a reasonable cost. All windows are covered with wire, which will absolutely protect your tobacco. Send us your crop and we will get you the highest market prices.

Wooden Coaches.

Tables prepared by the Interstate Commerce Commission show that the wooden coach is going out. At the beginning of the present year there were in use on the railroads of the country 44,560 wooden passenger coaches, as compared with 9,482 all-steel coaches and 4,608 with steel underframes. A majority of the wooden cars are old and will not last long. They will probably be replaced by steel cars, as both safety and the demands of the public require it. The statement of the commission is that only fifteen wooden cars were in process of construction at the beginning of the year 1914, and of these only two are intended for passenger service. Of all the cars built this year 96.9 per cent have been of steel and 12.6 of steel frame.—Tennessean.
